

## Commencement of Bitcoin Price Information Distribution on Bloomberg Terminals Worldwide

bitFlyer Inc. (Headquarters: Minato Ward, Tokyo, CEO: Yuzo Kano, hereinafter referred to as “bitFlyer”) has commenced the distribution of Bitcoin price information on Bloomberg L.P.’s (Location: Chiyoda Ward, Tokyo, Representative for Japan: Kunihiro Ishibashi, hereinafter referred to as “Bloomberg”) core Bloomberg Professional service (also known as the Bloomberg Terminal).

With the annual trade volume of Bitcoin within Japan expected to reach ¥8.26 trillion in 2017\*1, we believe that the importance of Bitcoin price information for the financial services industry will significantly increase going forward. Given these circumstances, we – as Japan’s largest Bitcoin exchange – decided to provide Japanese Bitcoin information to the world. We hope to contribute to the further development of the Japanese Bitcoin market by enabling investors from around the world to access Japanese Bitcoin information through Bloomberg.
