

United States Marshals Service Bitcoin Auction - Notice of Results

We have received the results of the USMS Bitcoin Auction joint bid from SecondMarket, the leading company in our bidding syndicate. As bidders were given the opportunity to set their own bidding price for the auction, auction results will be communicated individually to each bidder.

Thank you for your participation in this auction, and for your ongoing support of bitFlyer. We look forward to continuing to serve you in the future.

bitFlyer, Inc.
